July 31, 2011

Dear Mr. Dingley

On behalf of the Scouts Canada Pacific Jamboree 2011, I would like to convey our thanks to aDB Engineering for their assistance providing services designing the climbing wall.

With over 3100 Scout Youth, Leaders, and Offers Of Service on site, this Jamboree was the largest ever held west of the Rockies, with participants from across Canada, the US, Australia and Great Britain. The "Scale the Black Tower" climbing wall was one of the highlights of the Jamboree, challenging the youth to conquer their fears and test their skills.

Scouts Canada's mission is: To contribute to the education of young people, through a value system based on the Scout Promise and Law, to help build a better world where people are self-fulfilled as individuals and play a constructive role in society.

Mission: Scouting's Mission is achieved by:

- involving youth throughout their formative years in a non-formal educational process.
- using a specific method that makes each individual the principal agent in his or her development as a self-reliant, supportive, responsible and committed person.
- assisting youth to establish a value system based upon spiritual, social and personal principles as expressed in the Promise and Law.

Your generosity has assisted the Jamboree team to provide a safe yet challenging program to the future leaders of our communities.

Thank you for your kind assistance.

Bob Gourley  
Camp Chief  
Pacific Jamboree 2011
